Foreword to the Index

This general index has been revised and updated to include index treatment of the laws compiled in the District of Columbia Official Code, 2001 Edition, in force as of April 1, 2013. The volume also contains two additional indexes, a Popular Names Index and a Legislative Highlights index, which have also been updated through the April 1, 2013 legislation.

This index contains treatment of the District of Columbia Official Code, the Constitution of the United States and the various rules of court promulgated by the local courts of the District. Statutory provisions are referred to in the index by section number (e.g., §28-4604). The Constitution, which is set out in Volume 1, and the court rules, which are set out in two soft-bound volumes are identified by abbreviations, a table of which follows this foreword.

The general index is a topical index, not a random word index. Random entries in an index to statutes are misleading since they result in split or partial treatment. Therefore, we have chosen to use a systematic arrangement of main topical headings in order to avoid this split treatment. Main headings in the general index treat subject matter exhaustively, unless cross references are made to other main headings.

Main headings were derived from the language of the District of Columbia Official Code, 2001 Edition, from phraseology commonly used in the courts of the District and from terminology commonly used in the legal profession. In addition, an effort was made to employ phrases and terms commonly applied to District of Columbia Code sections, such as frequently used nonlegal terms.

We solicit your help in keeping this index as usable as possible and ask that you inform us of any popular names that may have eluded us. In addition, you can contact us regarding any improvements you think we should make. LexisNexis maintains a **toll-free Index number (1-800-897-7922)** for use by those needing help locating a particular section or by those desiring to make comments or suggestions. Additionally, you may reach the Indexers by **fax (1-434-972-7686)** or by **E-mail (lng-cho-indexing@lexisnexis.com)**. All suggestions, questions or comments receive serious consideration, and all communications receive a reply. For non-index questions and comments, or to place orders, you can reach Customer Service by **toll-free telephone number (1-800-833-9844)**, or by **toll-free fax (1-800-643-1280)**.
